

BAIDURI CAPITAL HOSTS WEBINAR ON SINGAPORE STOCKS IN COLLABORATION WITH SGX ACADEMY

Bandar Seri Begawan, 13 October 2020 – In line with its efforts of improving investors knowledge on the global financial markets, Baiduri Capital organised an investment webinar titled 'An Overview of Singapore Equities Market & Fundamental training on Singapore stocks'.

The webinar was conducted in collaboration with the SGX Academy, a leading provider of investor education and professional training based in Singapore. It was conducted by Mr. Chua I-Min, who has over 15 years of investment experience and currently conducts classes for the SGX Academy on a range of classes, from the basics of fundamental analysis to more advanced topics such as Real Estate Investment Trusts (REITs) and property stocks investments.

This webinar was the first in a series of educational webinars Baiduri Capital is organizing in collaboration with the academy and is also part of Baiduri Capital's fifth anniversary activities that aim to increase awareness of its investment products and services.

Participants were first given a general overview of the Singapore Equities Market and its key strengths before being led through a step by step guide on analysing and selecting the various kinds of Singapore stocks for investment. In this overview, Mr Chua used the same fundamental analysis methodology that he uses in his classes, that considers various factors such as business analysis, financial statements analysis, pricing analysis and economic analysis.

It then went on to a training session of Singapore stocks using actual case studies where participants were taught how to gather and read the necessary information to analyse stocks. The training was aimed at giving the participants the necessary skills needed to perform fundamental analysis of stocks themselves and then apply it in their Investment decisions.

Mr Peng Eng Soon, General Manager of Baiduri Capital said: "Educational webinars such as these aims to equip our investors with a more global perspective and enhance their knowledge on regional and international market trends."

He added: "Through our collaboration with an international investing education centre such as the SGX Academy, we are able to provide the latest insights and perspectives from industry leading experts. This series of educational webinars is just one of the many activities and promotions we plan on having to celebrate Baiduri Capital's fifth anniversary."

As part of this collaboration, the SGX Academy have also agreed to provide real-time price data feed to Baiduri Capital's clients for the securities listing in Singapore Stock Exchange for a period of 6 months, effective from 1 October 2020 until 31 March 2021.

Established in 2015, Baiduri Capital is a wholly-owned subsidiary of Baiduri Bank, specialising in securities trading and investment products. Through its secure, web-based, online securities trading portal, the first in the country, customers can trade in SGX (Singapore), HKEx (Hong Kong), China A-Share, Bursa Malaysia, the New York Stock Exchange (NYSE), NASDAQ Stock Market as well as the NYSE MKT LLC (AMEX).
